EXPERIENCE

Frontend Developer (Intern)

Geekster

April 2024 - January 2025, Gurugram, India

- Technologies Used: Utilized HTML, CSS, JavaScript, React, Node, Express, MongoDB to create responsive and intuitive web interfaces. Paid meticulous attention to design and functionality to enhance user interaction and satisfaction.
- Design Focus: Ensured high-quality design principles were implemented, aiming for both aesthetic appeal and usability. This approach contributed to achieving a 95% satisfaction rate in user experience surveys.
- Problem-Solving in Data Structures and Algorithms: Applied efficient algorithms and data structures to solve complex coding challenges on platforms like LeetCode and HackerRank, strengthening logical thinking and analytical skills.

Frontend Developer

ACORE IT HUB

June 2025 - October 2025, Indore, India

PROJECT

Food-Order and AI-Recipe-Generator

food-order-ai-recipe-generator.vercel.app/

- Introducing **Food-Order & AI-Recipe-Generator**, where you can effortlessly order delicious meals and personalized recipes with advanced **AI**.
- Enjoy secure Firebase authentication and custom recipes from **Google's generative AI**, all in a responsive design powered by Tailwind CSS.
- This platform seamlessly combines convenient food ordering with AI-powered home cooking inspiration.

Movie App

movie-app-iota-lime.vercel.app/

- Created a **Movies app** using **React**, featuring movie browsing, search functionality, and detailed information on each movie.
- Integrated a third-party **API** for up-to-date movie data and seamless user experience.
- Displays comprehensive detailed information for each movie.

Space-Site Project

space-site-ecru.vercel.app/

- Developed **Space**, a platform offering Web & Mobile Development, **Interaction Design, Digital Marketing, and Branding**.
- Key features include project management, time tracking, and lead generation for efficient business operations.
- Emphasized a user-friendly and responsive interface to ensure a seamless experience for clients, facilitating easy navigation and efficient service access.

EDUCATION

Bachelor of Technology - BTech , Computer science

University Institute of Technology, RGPV, Bhopal • Madhya Pradesh • 2023 • 7.7 CGPA
